“Don’t let the 745 bus die”

**We need to keep our bus service between
Pontesbury and Ludlow.**

Minsterley Motors currently operate the 745 bus (Mondays and Friday only) on a commercial basis - but they are struggling to keep it going. Why? Fewer passengers since Covid, costs rising fast, Shropshire Council’s low recompense for the carriage of concessionary passes. This is an important lifeline and we are calling on Shropshire Council to support it. It is also a relaxing scenic ride... there is potential to encourage more visitors by bus to Bishop’s Castle and to Clun.

We are campaigning to keep the existing service but we need your help to make sure councillors know the strength of feeling about this matter.

Please spread the word to other passengers and get friends and neighbours on board! It is the only way to demonstrate support for a bus.
