

Bus Users Shropshire says

**“Don’t let the Council halve the 436 bus service”**

**We need a proper hourly bus service Shrewsbury - Much Wenlock - Bridgnorth**

Shropshire Council proposes to reduce the frequency of the 436 bus from hourly to every two hours. Arriva run the service now, but you had to put up with a lot of hassle with the previous operator. So why cut it back just when the bus is settling down again?

We are campaigning to keep the existing service including the journey to work and college into Bridgnorth in the morning. That's not much to ask for!

Please spread the word to other passengers and get friends and neighbours on board! It is the only way to demonstrate support for a bus.

Some of you might also use the **297** bus between Bridgnorth and Kidderminster. The Council proposal is to cut all the 297 Saturday buses completely. That is not on either!
